American Association of University Women AAUW

A Legacy of Leadership

The American Association of University Women (AAUW) is a powerful community that breaks through the barriers facing women and families today. Our work-in-classrooms, on college campuses, in court-rooms and on Capitol Hill – has touched women both individually and collectively, and its impact continues to spread across the country and throughout the world.

AAUW has empowered women since 1881 and will empower you at every stage of your career and help you develop the confidence you need to address the issues you care about, from your own education and professional development to fair pay and an end to gender discrimination. AAUW has more than 100,000 members, 1,300 branches across the nation and more than 500 higher education partners. When you join AAUW, you invest in yourself and in the power of a community.

Dr. Catherine Cerulli from the University of Rochester Susan B. Anthony Center speaking at a FAB meeting.
